

Frontier Warriors!

Warriors First!

Monthly Newsletter - August 2023

Summer transition period is always a busy time in the Army, regardless of what installation you currently call home. This is especially true here at Fort Leavenworth, The Best Hometown in the Army, where students make up such a significant proportion of our population. As families with children begin to prepare for the beginning of the academic year, many of our new neighbors are also busy preparing for their next milestone in professional military education. Over 1,000 students are attending the esteemed Command and General Staff Officer Course and the School for Advanced Military Studies, both of which fall under the Army University system. For CGSC students, the U.S. Student Detachment, led by LTC Patric Patterson and Mr. Terrell Bruner, performs the herculean effort of in-processing this tremendous volume of new students every year. Key to their efforts is their sole Human Resources Assistant Ms. Amber West. If you have the pleasure of seeing her around the Lewis and Clark Center or the Army U footprint, be sure to thank her for her tireless work. Amber, thank you from all of us at STB for being such a great teammate and helping our organization succeed!

Within this period of summer transitions, it is also important to note that Headquarters and Headquarters Company, CAC STB conducted its change of command ceremony on 26 July at the Frontier Chapel, as MAJ Rhonda Booth relinquished command to MAJ John Ronayne. MAJ Booth performed incredibly as the HHC Commander, balancing any number of competing priorities and unique missions sets across geographically disparate elements. We know that MAJ Ronayne will continue to build excellently on her legacy and take HHC to new heights. We are also very happy to report that MAJ Booth will not be going very far, as she will be promoted to LTC in the very near future and begin service as the CAC Inspector General. We also want to thank the Soldiers and NCOs of HHC that continue to make HHC a winning team and a great place to work!

MOBILE APPS FROM MILITARY ONESOURCE

Enhancing and Transforming
Access to Military OneSource
and Quality-of-Life Resources

The Defense Department created the MilProvider mobile app to support the work of military service providers. It offers on-the-go access to Military OneSource products, materials and information about quality-of-life benefits that empower service members and their families.
